The Town is working with BETA Group, Inc., and key stakeholders to determine the Town’s vulnerabilities to climate events. This information is being used to develop an assessment and action plan so that the Town can be better prepared in our response to these events. Communities who complete the MVP program become certified as an MVP community and are eligible for MVP Action grant funding and other opportunities. The town held an invited stakeholder workshop on March 11th. There will be a remote final public listening session held on Thursday, May 21, 2020, 7:00 pm. To participate see the Zoom link above. The presentation will be recorded and posted online afterwards allowing additional time for review and comments.
